SIMPLICITY

Scoop Bins

Treat shoppers to a transparent experience

Scoop Bins

Improve customer interaction and differentiate from competitors by adding bulk Scoop Bins into your retail environment. Bulk Scoop Bins, provide customers the opportunity to pick and mix various products at their discretion.

Using included product scoops attached to each bin, customers can fill up as much or as little product as they require. This reduces packaging waste and ensures the displayed product is consumed without waste.

Scoop Bins grab customer attention, are easy to use, and improve overall gross margins versus similar pre-packaged products.

- Individual scoops appeal to allergic and hygiene-aware shoppers.
- Available with catch tray for easy removal of crumbs and sugar.
- Available with shutter to avoid accidental overflowing.
- Transparent body - scoop and top lid black as standard.

Easy to use

Why Scoop Bins are so effective

- Allows customers to pick and choose merchandise
- Portion control - less waste
- Easy to use
- First in / first out - guarantees freshness
- BPA / EA Free
- NSF Compliant Material

Easy to
install
and
maintain!

**BPA/EA
FREE**

Flow Control with Shutter

Certain merchandise flows too easily on the angled floor of the bin. When free-flowing merchandise is displayed using Scoop Bins, shutters will slow down the flow and avoid accidental overflowing.

Note: Small merchandise with smooth surfaces will move freely.

Category	Merchandise
Confectionery	Chocolate Candies
Pasta, Rice & Grains	Rice
	Cracked Wheat
	Bulgur
	Beans
Nuts & Seeds	Pepitas
	Chia Seeds
Cereals & Muesli	Corn Flakes

4854994768	Scoop Tongs	2.75" W x 1.25" H x 8" L	N/A

Mounting on Crossbar

- Install the crossbar and place brackets in the desired position.
- Tilt and slide the scoop bin onto the brackets.
- Scoop Bin pulls out on brackets for easy stocking.

Crossbar
4639743773

Mounting Brackets
4858644983

! Installation on the crossbars is the preferred option when whole section of bins are to be installed.

Mounting on Shelves

- Install four bumpers per bin - one per corner of the bin bottom.
- Place the bin on the shelf.

Cylindrical Bumper
8207511700

! This is the more economical option, ideal when only a few bins are installed into existing fixtures.

Re-merchandising

First in / First out

- The angled floor of our scoop bins promotes automatic stock rotation to ensure product freshness and quality.
- Re-merchandising is done through the top lid which can be fully removed or just opened.
- The scoop bin can be pulled out for easy refill without having to remove the bin from the fixture. If mounted on crossbar.

In-Store Communication

Create differentiation with a customized shop-in-shop display

- For scoop bins, you can use both the consumer lid label holder or the front to display product and/or price information.
- For maximized footprint in your bulk section, engage in category organization, branding, special offers or promotions.
- Our scoop bins can be equipped with a perpendicular holder to support shelf talker or aisle sign to communicate to customers.
